The Honorable Charles L. A. Terreni
Chief Clerk/Administrator
Public Service Commission of South Carolina
Columbia, South Carolina 29211

Dear Mr. Terreni:

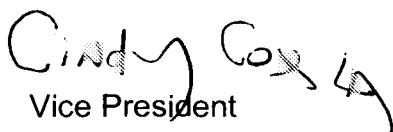

Pursuant to S.C. Code Ann. §58-9-576, AT&T South Carolina respectfully submits the following tariff pages for filing with the Public Service Commission of South Carolina:

General Subscriber Service Tariff

- Section A13 - Seventh Revised Page 16.1
- Eighteen Revised Page 33.4.3
- Eighteen Revised Page 33.4.4

In lieu of briefly explaining this filing in this letter, AT&T South Carolina respectfully submits an explanation of this filing in the attached "Sample Notice of Filing," which is based on the document posted on the Commission's website. Although it is not clear that such a Notice is required for tariff filings, like this one, that are subject to the alternative regulation provisions of Section 58-9-576, AT&T South Carolina hopes the attached Notice will be useful to the Commission.

Yours very truly,

Vice President

PROPOSED NOTICE OF FILING

BRIEF DESCRIPTION OF THE PLEADING (*Relief the Company is Seeking from the Commission*):

AT&T South Carolina is not filing a pleading or seeking relief from the Commission. Instead, AT&T South Carolina is making a tariff filing that changes prices for various residence and business optional per use services, as allowed by Section 58-9-576 of the South Carolina Code. Prices for basic services are not changing by this filing.

STATUTORY OR OTHER LEGAL AUTHORITY UNDER WHICH PLEADING IS FILED:

AT&T South Carolina is making this tariff filing pursuant to S.C. Code Ann. §58-9-576. This tariff filing is presumed valid and becomes effective seven days after filing for price decreases and fourteen days after filing for price increases. *See* S.C. Code Ann. §58-9-576(B)(6).

IF THE PLEADING IS A RATE CASE AFFECTING THE GENERAL BODY OF SUBSCRIBERS, LIST ALL CURRENT AND PROPOSED RATES AND ANY OTHER CHANGES TO THE COMPANY'S TARIFF CURRENTLY ON FILE WITH THE COMMISSION:

AT&T South Carolina's tariff filing is not a rate case, but in an attempt to assist the Commission, AT&T South Carolina states that, this filing increases the prices of certain optional per use residence and business services, including: Three-Way Calling, Call Return, Repeat Dialing, and BusyConnect.

A notice has been included in April bills advising customers of the new prices. Price changes will be effective on or after June 1, 2008.

A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.9 Custom Calling Services (Cont'd)

A13.9.4 Per Use Three-Way Calling Service

A. General

1. Per Use Three-Way Calling Service is available to all residence and business customers where facilities permit. This service permits use of the three-way calling feature on an as-needed basis, with the subscriber paying the rate shown in A13.9.4.B for each occasion it is successfully used. Three-way calling permits the subscriber activating the feature to hold an in-progress call and originate a second call while maintaining privacy from the first call, or to add another party for a three-way conference arrangement.
2. Switch-specific technology determines how a subscriber "activates" the feature. In certain switch technology, the feature is activated by "flashing" the serving switch from the subscriber's terminating equipment. ("Flashing" is accomplished via a receiver button, switchhook, hook flash key, flash key, etc.) This technology provides the subscriber with spontaneous control of the feature. Other switch technology requires that the feature be dial-activated by the subscriber prior to establishing the first leg of a three-way call, using a Company-provided code.
3. The per use charge is applied only when a second call is completed and bridged to the first call. Completed calls include, but are not limited to, those calls terminated to telephones, voice messaging systems, answering machines, facsimile machines, modems, etc.
4. The per use charge is in addition to any tariffed switched network usage charge appropriate for the line with which the Per Use Three-Way Calling feature is associated. Such usage may include, but is not limited to, toll charges, local measured service charges, exception calling plan rates, etc. Terms and conditions of these charges are as covered in tariff sections specific to that particular call type, and are not impacted by the application of the per use charge.
5. Access to the per use capability can be restricted at the customer's request at no charge.
